

IAEM-USA Region 10 Officers Election

Candidate for IAEM-USA Region 10 Vice President

Billy Anderson, CEM

Senior Emergency Management Specialist
Sound Transit
Seattle, Washington
Billy.Anderson@soundtransit.org

I am excited to announce my candidacy for Vice President of IAEM Region 10. With over 17 years of experience in emergency management, I have led multi-agency coordination efforts, enhanced community preparedness, and developed comprehensive disaster response strategies. My leadership roles and active participation in regional and national forums have equipped me with the skills to foster strong partnerships and streamline processes for operational efficiency.

If elected, I will focus on strengthening regional collaboration by enhancing inter-agency coordination and promoting best practices through regular meetings. I am committed to advocating for professional development by expanding certification testing and mentorship initiatives locally.

I believe in promoting inclusivity and diversity within IAEM, ensuring that all voices are heard and represented. By encouraging participation from underrepresented groups, we can foster a more dynamic emergency management community. Together, we can build a safer, more resilient future for our region.
