Event Overview

IAEM Region9 is hosting an exciting upcoming event in Honolulu at the Japanese Cultural Center of Hawaii focused on driving innovation in the emergency management profession.

We will begin the symposium with a networking event on August 11th at the Elks Lodge on Waikiki Beach which is perfect for the sunset view in front of the ocean. The opening cultural ceremony for the first day of the symposium will be at 8 am on Tuesday August 12th, We will have keynote, as well as exciting speakers throughout both days. We will provide both breakfast and lunch to the anticipated 150-200 attendees each day. We will also have optional networking events in the evenings.

There will also be the opportunity for exhibit booths in the venue itself, so that exhibitors will be able to observe the entirety of the symposium, and interact w/participants during breakfast, breaks, as well as lunch.
