

MUNICIPAL EMERGENCY MANAGEMENT CAUCUS

Mission Statement

The IAEM-USA Municipal EM Caucus represents and advocates for municipal emergency management agencies, and consolidated local government organizations.

The Caucus supports development of and access to programs for these agencies at the state, federal and international levels.

Provides a national forum for municipal emergency managers to network and collaborate on issues that are unique to local jurisdictions and political subdivisions within counties.

Success!

The IAEM Municipal Emergency Management Caucus developed a **national survey** assessing the organizational structure, staffing and capacity of local EM organizations.

The survey was led by Argonne National Laboratory, in collaboration with FEMA, the National Emergency Management Association (NEMA) and Big City Emergency Managers (BCEM).

Data collected from this survey will inform future priorities, programs and projects to better support local emergency management efforts nationwide.

Caucus Leadership

Chair: David A. Donnelly
City of Savannah, GA DEM

Vice-Chair: Shari Holbert Lipner
City of Miami Beach, FL DEM

Secretary: Dr. Derek Smith
City of Clearwater, FL DEM

Committee Liaisons:

- Membership*
Emily Martuscello, Nashua, NH DEM
- Governmental Affairs*
Mick Fleming, Joint EM System,
Arlington Heights, IL

Board Liaison:
Josh Morton

Meets Virtually
(via Microsoft Teams)
last Tuesday of month

11 a.m. EST

*Conference Meeting: Tuesday,
November 19, 2024 5:30 p.m.*
